## TEAM ADVICE

The new generation Windsurfer® works with all types of rigs. But in order to find all the pleasure of the original practice, we offer you the real Windsurfer sail. Light, strong, powerful, easy to rig up, the Windsurfer® sail is available in several colors. The complete rig is available in the versions, the "school" version, equipped with a X.O sails SDM-30/460 mast, and a SX-500 boom, or the "Race" version, equipped with the validated mast and boom for the Windsurfer One Design Class. Be reassured, progress has been made, you are entitled to an aluminium boom with automatic handle !
